Profile of David Jubb WA7KAI

David William Jubb, WA7KAI, was born April 10, 1927 – a Depression Baby. He loved riding on his motorcycle up until the late 1990's, hence the nickname "Daring Dave". He went to Mt. Pleasant Grade School (where Dot's oldest great-grandchild, Shawn, will soon be going) and to Oregon City High School. The family home was beside a cemetery, safe place to play after hours. His first job was working at the Portland Shipyard (Commercial Iron Works). Then he went on to the Crown Zellerback Paper Mill. He joined the Navy in Portland and went to boot camp at the U.S. Naval Training Center in San Diego, CA. After being discharged, he went back to work for Crown Zellerback in West Linn where he worked for 41 years, retiring in 1984. In 1950, he took a correspondence course in radio and television servicing. He developed an interest in ham radio when his younger brother, Paul, who was at that time living in Phoenix, AZ, encouraged him to study for his license. He earned his Technician's license in 1969 and joined Air Force Mars which permitted him to communicate with Paul through the Mars Station in Sacramento, CA. He sat for his General class license in 1974 and earned his Extra Class license in 1990. He and two other hams from Milwaukie are volunteers for Emergency Communications at Providence Milwaukie Hospital. He married Dorothy Hammil Barnes (born 1932 in New York City) on September 13, 1997. She had been a widow for over six years. They met in church. Presently, they are members of Living Savior Lutheran Church in Tualatin, OR where they are volunteer money counters and where Dorothy is a Stephen Minister. They are both active in the Seniors' Group, Amazing Grays. Recently, Dave and another "ham", Monte AB7WS, spoke to the Boy Scout troop, who meet at the church, to try to get them interested in ham radio.

In 2003 Bill and Sandy moved into a 5th wheel and began to full time R.V. Many medical problems and weight caused disability. Three years ago she had a gastric bypass and regained her life back. She has lived the last three years to the fullest. Sandy will be greatly missed by the Dipsea Net members. She was gracious and generous, and was a helper in producing recent issues of The BaitBox.

She was preceded in death by both of her parents. Sandra is survived by her husband William Wolfson of Lone, Oregon, two brothers, a sister, two daughters, and four grandchildren.

A memorial Service at Newport, Oregon is planned on June 25 at the Seventh-day Adventist Church at 2 P.M.

Directions to the Newport address:

From Highway 101 take Highway 20 east towards Toledo/Corvallis. Turn left on Eads Street (North).

In one block turn right (East) onto First Street NE.

The church is on the end of the block on the right.

You can Park on the street or in the small parking lot on the south side of the church.

The family campout that weekend is scheduled on the Oregon Coast at the South Beach State Park. It's about a mile south of the bridge in Newport on Highway 101. You are welcome to come and visit or camp there. Bill K7ADO's campsite is F-37.

Healthy is merely the slowest possible rate at which one can die.

The only difference between a rut and a grave is the depth.

Health nuts are going to feel stupid someday, lying in hospitals dying of nothing.

Have you noticed since everyone has a camcorder these days, no one talks about seeing UFOs like they used to?

Whenever I feel blue, I start breathing again.

All of us could take a lesson from the weather. It pays no attention to criticism.

In the 60's, people took acid to make the world weird. Now the world is weird and people take Prozac to make it normal.

How is it one careless match can start a forest fire, but it takes a whole box to start a campfire?

Who was the first person to look at a cow and say, 'I think I'll squeeze these dangle things and drink whatever comes out?'

If Jimmy cracks corn and no one cares, why is there a song about him?

Why does your OB-GYN leave the room when you get undressed if they are going to look up there anyway?

If corn oil is made from corn, and vegetable oil is made from vegetables, then what is baby oil made from?

Do illiterate people get the full effect of Alphabet Soup?

Does pushing the elevator button more than once make it arrive faster?

Why doesn't glue stick to the inside of the bottle?

I know it all, I just can't remember it all at once.

APHORISM: A SHORT, POINTED SENTENCE EXPRESSING A WISE, CLEVER OBSERVATION; A GENERAL TRUTH OR ADAGE

The nicest thing about the future is it always starts tomorrow.

Money will buy a fine dog but only kindness will make him wag his tail.

If you don't have a sense of humor, you probably don't have any sense at all.
